Mr. Robert Mosbacher, Jr.  
Legislative Assistant to  
Senator Howard Baker  
United States Senate  
Washington, D. C. 20510

Dear Rob:

Many thanks from all of us for taking the time to meet with our seminar Wednesday and giving us very interesting examples of "good" and "bad" congressional liaison. I am sorry I had to leave early but my usually reliable sources tell me that you stimulated a number of questions and answered them all candidly and thoughtfully.

For understandable reasons, some of our people lead rather specialized and sheltered lives so far as the political world is concerned, and it is extremely helpful for them to get a new perspective on the political facts of life to which your talk contributed greatly.

Again, thanks for doing such a fine job for us in this and other situations where we have called on you, and don't be surprised if we continue to call on you in the future.

Sincerely,

John M. Maury  
Legislative Counsel
